Will the legislation have a major impact on existing City appropriations, fiscal liability or revenues? Yes _____ No ☒

If the legislation will not have a major fiscal impact, explain briefly the reason for your conclusion.

Marking the streets with this material will be 4 times as expensive, but the markings will last four times as long so that theoretically the cost will be the same in the long run.

There should be a savings in labor if street marking is done 1/4 as frequently.

If the legislation will have a major fiscal impact, explain briefly what the effect on City costs and revenues will be and include factors which could lead to significant additional expenditures in the future. Be as specific as possible. (Continue on second sheet if necessary)
